

## How to Turn on Your ITM Service, Powered by Payviam

Thank you for registering your ITM service, powered by Payviam. In order to use your ITM, you must first verify that your device is turned on.

1. In order to do this, please access your vehicle's top level / main menu and click the "VEHICLE" menu option

2. Within your "VEHICLE" menu option, scroll to the right and select "Settings & Service"

3. Scroll down and select "Integrated Toll Module"
